

Chalet Casa Codasi

Riederalp – Switzerland

The Chalet Casa Codasi is a good starting point for a multitude of great sport activities, and in particular for exploring the Aletsch area, listed as UNESCO world heritage. The chalet is situated in a peaceful setting facing south with a fantastic panoramic view of the Valais Alps, close to all the 'happenings' in Riederalp. Various shops and restaurants as well as the post office and the bank are within comfortable walking distances of a few minutes.

Riederalp itself is situated on a gently sloping sunny plateau at the foot of the Aletsch glacier and offers numerous activities suited to the season.
